# ESSENCE

## WHO THE BRAND IS

Lorena Orlando is a multidisciplinary artist: music, photography, writing, net art and 3D, web design and magick. The brand is her own floating world: a lilac sky with clouds, 3D objects from her life and hand-painted lettering. It feels close, weird and funny, never corporate.

### PLAYFUL

Everything invites you to touch it: things that pulse, spin and can be dragged.

### HANDMADE

Painted letters, freehand arrows, pieces slightly crooked.

### DREAMY

Clouds, floating islands and objects out of scale.

### HONEST

Speaks in first person and laughs at herself.

# VOICE

## HOW LORENA SPEAKS

First person, casual, funny and self-deprecating. She writes the way she talks: stretched words, exclamations, invitations. Everything is bilingual: Spanish for Spain and Latin America, English for the rest of the world.

# COLOR

## SIX HUES, ONE LEADS

Lilac is the sky and it is everywhere. Cream is the voice: almost everything you read is cream. Deep purple adds depth to shadows and panels, and mustard is the accent that marks what matters or what you can touch.

# SHADOWS AND PANELS

EVERYTHING FLOATS

Nothing has hard edges. Letters carry a soft purple shadow that lifts them off the sky, and text sits on translucent blurred panels, like cloud glass.

DO

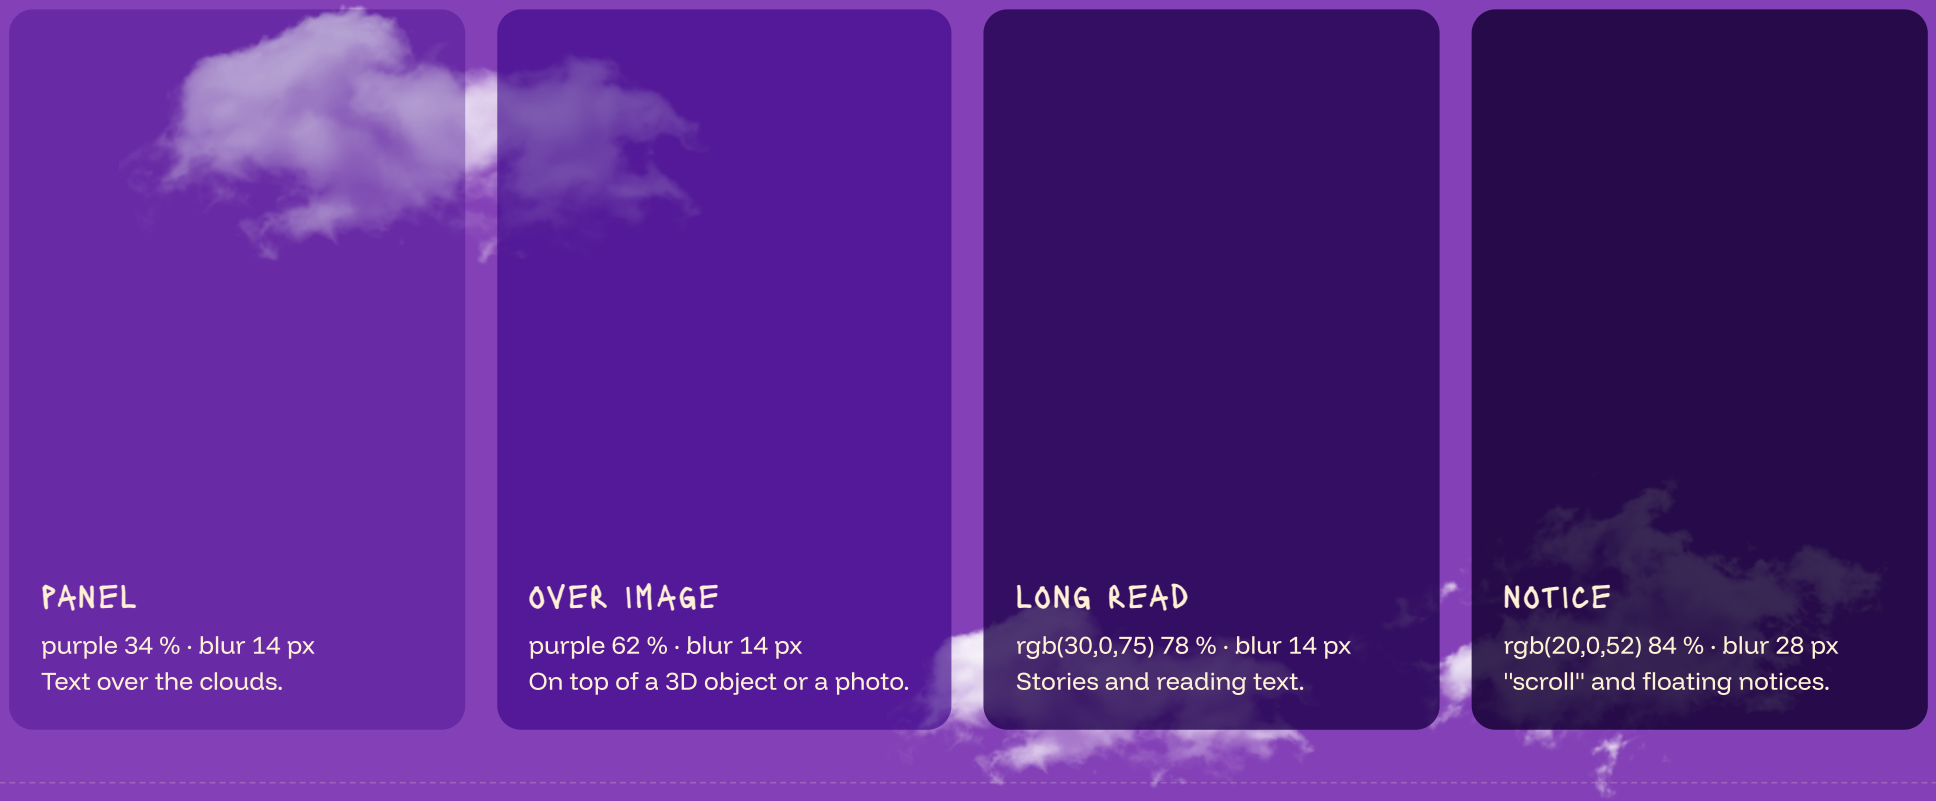

MAGICK

Soft shadow: `.25em .35em .7em`, deep purple at 85 %.

DON'T

MAGICK

Hard or stacked shadow. Used early on, then dropped.

### PANEL

purple 34 % · blur 14 px
Text over the clouds.

### OVER IMAGE

purple 62 % · blur 14 px
On top of a 3D object or a photo.

### LONG READ

rgb(30,0,75) 78 % · blur 14 px
Stories and reading text.

### NOTICE

rgb(20,0,52) 84 % · blur 28 px
"scroll" and floating notices.

Corners: panels barely rounded (~12 px); pills and buttons fully round. Photos and cards: purple shadow at 45 %.

# ELEMENTS

THE PIECES OF THE WORLD

The pieces repeated across Lorena's universe. Always on lilac, floating, with no frames or backgrounds of their own.

MAGICK

## CLOUDS

White photographic clouds on lilac. They are the fixed background of everything: content changes, clouds stay, drifting very slowly.

## PILLS

Labels, notices and buttons sit in purple pills set in Lacquer. On a photo, a label is never loose: always in a pill.

## DOODLE ARROWS

Freehand strokes in cream, with rounded, slightly shaky tips to match Lacquer. Never geometric arrows.

# COMPOSITION AND MOTION

CROOKED AND ALIVE

The layout feels handmade, like a zine pasted on a wall, and everything breathes: nothing is ever fully still.

## COMPOSITION: A LITTLE CROOKED

### HI! I'M NETART MAGICK DESIGN MUSIC

Titles and pieces tilt between 2 and 15 degrees in alternating directions. Collages mix sizes and angles on purpose. A rigid grid is only used on mobile, when needed.

### ROULETTE

When the screen changes, what leaves rises and spins; what enters comes from below, tilted. Duration: 1.1 s, eased at both ends.

### PULSE

Anything you can tap pulses and wiggles every 2.6 s. On hover it grows slightly or turns mustard.

BEHIND THE FRAME

### FLOAT AND SPIN

Clouds drift in 8 to 16 s cycles. 3D objects spin on their own, slowly, and can be dragged. With "reduce motion" on, everything stays still.

# APPLICATIONS
